Daffodils Classroom

Dear Parents,

What's Happening

The Daffodils are busy exploring jungle animals. Our daily circle time includes conversations about these animals such as: What food do they eat? What sound do they make?. The Children just love to talk. The children have been busy creating some 2D & 3D animals for our Jungle Forest.

Show & Tell

We have show & tell everyday and it would be wonderful if your children could bring a toy, a book or a picture to share with their friends. Show and tell develops their speaking and listening skills.

Daffodils Classroom

Saying Goodbye

Sadly we are saying goodbye to several children. Yaya has left us to start the new term at a Thai School. Becca will join her big brothers in another school and Noah is going to a Thai-Bilingual School. We will all miss you and yet we wish you all the very best in your new schools.

Welcome

Welcome Emma and her family. Emma has joined us after the Songkran Holidays.

Art Auction (12th June)

The children have been creating some very colorful canvases as part of our group project and as well creating masterpieces for the auction. Hope to see you all on the 12th June.

Cheers,
T. Mhel
P. Sai, P. Toi, and P. Pui
